NATIONAL AGENCY FOR FOOD AND DRUG ADMINISTRATION AND CONTROL (NAFDAC)

FOOD FORTIFICATION REGULATIONS 2019
ARRANGEMENT OF SECTIONS

Commencement

1. Scope
2. Prohibition
3. Advertisement of foods to which no Vitamin and/or Mineral has been added.
4. Label declaration of food to which Vitamin and/or mineral has been added.
5. Statement relating to mineral content of food.
6. Label declaration of food mandatorily fortified with Vitamin A.
7. Labeling
8. Packaging
10. Forfeiture after conviction
11. Interpretation
12. Repeal
13. Citation
14. Schedule
Commencement:
In exercise of the powers conferred on the Governing Council of the National Agency for Food and Drug Administration and Control (NAFDAC) by sections 5 and 30 of the National Agency for Food and Drug Administration and Control Act Cap NI Laws of the Federation of Nigeria (LFN) 2004 and all powers enabling it in that behalf, the Governing Council of the National Agency for Food and Drug Administration and Control with the approval of the Honourable Minister of Health hereby makes the following Regulations:-

1. **Scope**
   These Regulations shall apply to all fortified foods manufactured, imported, exported, distributed, advertised, sold or used in Nigeria.

2. **Prohibition**
   (1) No person shall -
   a. sell or advertise any food that is represented on the label to the general public as fortified with vitamins and mineral unless it is registered with the Agency.
   b. manufacture, import, export, advertise, sell, distribute, store or use any fortified food as treatment, preventive or curative for any of the diseases, disorders or abnormal physical states specified in Schedule I to these Regulations,
   c. sell or advertise any food to the general public as fortified with vitamins and minerals referred to in these Regulations, if the Nutrient Reference Value (NRV) intake of that food by a person will result in the NRV by such a person of more than the quantity of vitamins and mineral nutrients specified in Schedule II to these Regulations.
   d. In the case of the foods specified in Schedule IV to this Regulations, no person shall manufacture, import, export, sell, distribute of use, unless it is fortified with vitamin A as prescribed by the Agency.
   e. No food product for the purpose of Global Listing for Supermarket Items and Restaurant Operators, shall be allowed unless it complies with the provisions of these Regulations or as prescribed by the Agency.
   f. Only foods listed in Schedule V to these Regulations maybe fortified with the corresponding vitamins and/or minerals as specified in the same Schedule.

3. **Advertisement of foods to which no Vitamin and/or Mineral has been added**
   (1) A person shall, in advertising a food to which no vitamin and/or mineral content has been added or on a label of such food, state:
   a. that the food is "a source" or "a dietary source" of any of the vitamins and mineral nutrient referred to in these Regulations, if reference intake of that food by such person is not less than the level as specified in Schedule II to these Regulations
   b. that the food is "a good source" of any of the vitamins and minerals nutrient referred to in these Regulations, if reference intake of that food by a person would result in the daily intake by such person of not less than the amount as specified in Schedule II to these regulations
   c. that the food is an "excellent source" or an "excellent dietary source" or "excellent diet source" of any of the vitamins and mineral nutrient referred to in these Regulations, if
4. **Label declaration of food to which Vitamin and/or mineral has been added**
   (1) No person shall sell a food to which a vitamin has been added unless the amount of the vitamin present in the food is expressed on the label of the food.
   (2) Vitamins and minerals can only be declared if they meet the requirements as stipulated in Schedule II to these Regulations.
   (3) The vitamin and mineral content must be at least 5% of the NRV per serving which shall be expressed as a percentage of the NRV per 100g or per 100 ml or per package if the package contains only a single portion and per serving as quantified on the label.
   (4) Where vitamins and/or minerals are present in significant amounts of 15% or higher per serving, of food shall meet the conditions in order to qualify for the claim with the prescribed wording for claims as provided in Schedule VI to these Regulations.
   (5) When nutrient declaration is applied, vitamins and minerals which are present in amounts less than 5% of the Nutrient Reference Value per 100 g or 100 ml or per serving as quantified on the label should not be declared.

5. **Statement relating to mineral content of food**
   (1) Where the amount of a mineral nutrient referred to in these Regulations and that is contained in a food is not less than the amount mentioned in Schedule II, shall in advertising that food or on a label of that food, state:
      a. in the case of calcium or phosphorous, that it is a factor in the normal development and maintenance of bones and teeth, especially in infants and children;
      b. in the case of calcium, phosphorous or iron that it is a factor in the maintenance of good health.

6. **Label declaration of food mandatorily fortified with Vitamin A**
   (1) No person shall sell any food, to which Vitamin A has been added, unless the amount of the Vitamin A present in the food is expressed on the label of the food and in the quantity as provided in Schedule IV to these regulations.
   (2) Flour when fortified, shall contain the micronutrient as provided in Schedule IV to these regulations.

7. **Labeling**
   (1) In addition to compliance with Pre-packaged Food Labelling Regulations 2019, the following shall apply:
      a. the amount of vitamin and/or mineral nutrient added to the specific quantity of the food shall be declared as percentage daily value on the product label.
      b. The products stated in Schedule IV shall carry on their label a picture of an eye with A at the centre of the eye to indicate they are fortified with Vitamin A.

8. **Packaging**
   (1) Pre-packaged food fortified with vitamin and mineral nutrients shall be;
(a) packaged and distributed in container that shall safeguard the hygienic, nutritional, organoleptic and other qualities of the product
(b) the container, including packaging material, shall be made of substances, which are safe and suitable for their intended use.
(c) All fortified food shall be packaged in a manner that takes into consideration the nature of the fortificant added and its effect on the shelf life of such food.

9. Penalty
(1) Any person who contravenes any of the provisions of these Regulations shall be guilty of an offence and liable on conviction. In case of:
(a) an individual, to imprisonment for a term not exceeding one year or to a fine not exceeding N50,000 or to both such imprisonment and fine; and
(b) a body corporate, to a fine not exceeding N100,000.

(2) Where an offence under these Regulations is committed by a body corporate, firm or other association of individuals every:
(a) director, manager, secretary or other similar officer of the body corporate; or
(b) partner or officer of the firm or
(c) trustee of the body concerned; or
(d) person concerned in the management of the affairs of the association; or
(e) person who was purporting to act in a capacity referred to in paragraphs (a) to (d) of this regulation, is severally guilty of that offence and liable to be proceeded against and punished for that offence in the same manner as if he had himself committed the offence, unless he proves that the act or omission constituting the offence took place without his knowledge, consent or connivance.

10. Forfeiture after conviction
(1) A person convicted of an offence under these Regulations shall forfeit to the Federal Government-
(a) any asset or property constituting proceeds derived from or obtained, directly or indirectly, as a result of the offence;
(b) any of the person's property or instrumentalities used in any manner to commit or to facilitate the commission of the offence.

(2) In this section, "proceeds" means any property derived or obtained, directly or indirectly, through the commission of the offence.

11. Interpretation
For the purpose of these Regulations, unless the content otherwise requires:

"Advertising" means the publicity of goods and description of all products which include any form of notices in circulars, handouts, labels, wrappers, catalogues and price list, billboards, posters, newspapers, magazines and any other document made orally or otherwise or by means of projected light and sound recording;
"Advertisement" means the publicity of goods and description of all products which include any form of notices in circulars, handouts, labels, wrappers, catalogues and price list, billboards, posters, newspapers, magazines and any other document made orally or otherwise or by means of projected light and sound recording;

"Agency" means the National Agency for Food and Drug Administration and Control.

"Food" means any substance, whether processed, semi-processed or raw, which is intended for human consumption, and includes drinks, chewing gum and any substance which has been used in the manufacture, preparation or treatment of "food" but does not include cosmetics or tobacco or substances used only as drugs.

"Fortificant" means the prescribed compound which provides the specified micronutrient;

“Fortification” means the addition of vitamins, mineral nutrients or amino acids to a food whether or not it is normally contained in the food for the purpose of preventing or correcting a demonstrated deficiency of one or more nutrients in the population groups;

“Fortified Foods” are foods to which vitamins, mineral nutrients or amino acids have been added to for the purpose of preventing or correcting a demonstrated deficiency of one or more nutrients in the population groups

“Global Listing” means a scheme that enables the importation of conventional food and cosmetics items by supermarket operators for retail purposes within approved outlets. Approvals will be granted annually for restricted quantities.

“Logo” means any symbol authorized by the Agency for use on the packaging or label of certain foods to signify approval by the government.

"Micronutrient" means a natural or synthesized vitamin, mineral, or trace element that is essential for normal growth, development and maintenance of life and of which a deficit will cause characteristic biochemical or physiological changes;

"Mineral Nutrient" means any of the following chemical elements, whether alone or in a compound with one or more other chemical elements:

(a) calcium;
(b) phosphorus;
(c) iron;
(d) sodium;
(e) potassium;
(f) iodine;
(g) zinc;
(h) copper;
(i) magnesium; and
(j) manganese;
"Nutrient Reasonable Value; NRV" means a set of numerical values that are based on scientific data for purposes of nutrition labelling and relevant claims.

"Testimonial" with respect to a food that is represented as contained vitamin, mineral nutrient or an amino acid, means any pictorial, written or oral representation as to the result that is, has been or may be, produced by addition to a person's diet of the vitamin, mineral nutrient, or amino acid, as the case may be;

"Vitamin" means any of the following vitamins or their synonymous names -
(a) vitamin A (include retinol and retinol);
(b) derivatives excluding carotenes);
(c) vitamin B1 or thiamine;
(d) vitamin B2 or riboflavine;
(e) nicotinic Acid or nicotinamide;
(f) vitamin B6 or pyridoxine;
(g) folic acid;
(h) d-pantothenic acid;
(i) biotin;
(j) vitamin B12 or cyanocobalamine;
(k) vitamin C or L-ascorbic acid; and
(l) any salt or derivative of a vitamin listed in paragraph (a) to (j) of this regulation.

"Vitamin A" means any of the following or their synonymous names:
(a) vitamin A;
(b) retinol and retinol derivatives; and
(c) any salt or derivative of vitamin A.

12. Repeal of Food Fortification Regulations 2005 and Vitamin A Fortification Regulations 2005
   (1) The Food Fortification Regulations 2005 and Vitamin A Fortification Regulations 2005 are hereby repealed.
   (2) The repeal of these Regulations Specified in Section 12(1) shall not affect anything done or purported to be done under the repealed Regulations.

13. Citation
    These Regulations may be cited as Food Fortification Regulations 2019.
SCHEDULE 1

1. Acquired Immune Deficiency Syndrome
2. Alcoholism
3. Appendicitis
4. Arteriosclerosis
5. Asthma
6. Blood disorder
7. Cancer
8. Cataract
9. Diabetes
10. Cholera
11. Diphtheria
12. Disorder of menstrual flow
13. Disorder of prostate gland
14. Dysentery
15. Encephalitis
16. Enteric fever
17. Epilepsy
18. Erysipelas
19. Filariasis
20. Gall stones, kidney stones and bladder stones
21. Gangrene
22. Any genital or urinary diseases not mentioned elsewhere in this schedule
23. Glaucoma
24. Goiter
25. Hay fever
26. Heart disease
27. Hernia
28. High blood pressure
29. Infective hepatitis
30. Influenza
31. Jaundice
32. Kidney disease
33. Leprosy
34. Locomotor ataxis
35. Loss of youth
36. Measles
37. Meningitis
38. Mental conditions
39. Mumps
40. Nervousness
41. Nutritional disorders
42. Obesity
43. Onchocerciasis
44. Paralysis
45. Plague
46. Pleurisy
47. Pneumonia
48. Poliomyelitis
49. Rabies
50. Rheumatic fever
51. Schistosomiasis
52. Sexual impotence, Loss of virility or Sterility
53. Sleeping sickness
54. Small pox
55. Snake bite
56. Syphilis
57. Tetanus
58. Trachoma
59. Tuberculosis
60. Tumors
61. Typhoid fever
62. Undulant fever
63. Ulcers of the gastro-intestinal tract
64. Venereal diseases
65. Yaws
66. Yellow fever
